Circular Letter # 2.

SUBJECT: Student teachers for Florida CCC Camps.

TO: All Company Commanders and Camp Educational Advisers of CCC Camps in Florida

1. It is possible that shortly we will be able to get one student teacher for each of the CCC Camps in Florida. The teachers will be juniors or seniors or else graduates of the University of Florida. Their job will be to assist the camp educational adviser in his program by teaching or assisting in the recreational activities.

2. These teachers will be paid by the FERA. The teachers will be under the control of the company commander and under the supervision of the educational adviser.

3. The only obligation to be filled by the camp is to furnish board and lodging for the teacher and to furnish him with work of an educational or recreational nature.

4. If you do or do not wish to take advantage of this possible opportunity, please notify me at once, since I am holding up on this matter until I find whether or not all camps will want one of these teachers.

5. This is an optional matter, but I think all camps will do well to take advantage of this possible opportunity. I think enough could be taken from the company fund to pay the board of this teacher. The majority of these men have clerical ability and may be found to be very useful at times when there is a lot of paper work to be done.

P. C. Reynolds,
State Educational Adviser
Civilian Conservation Corps.
